We have been playing outside all morning. Please make sure you check your children's heads for sand tonight. Some little ones like dunking their heads in the sand as they try to walk around or get up. I tried to get as much out as I could. We played on the drive way racing bikes and playing tag! We wanted to play outside this morning before it got to hot this afternoon.

Lunch: Ham sandwiches, apple slices, green beans, milk
Snack: cheese and crackers

The kids went down for their quiet time at eleven today.☺

Has anyone seen a fresh fruit stand around lately? Or does anyone know when the farmers market is open? I think the kids would get a kick out of going.

Have a great day stay cool!
Tam, Marlene, and kids
